DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

This location was moved 31' ^{east} south because the regulations state that a well can not be more than 100' from center of 1/4/1/4 section.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
