RECEIVED
NOV 10 1966

A blank sheet of white graph paper with a light gray grid. The grid consists of small squares, approximately 1 cm by 1 cm. There are faint horizontal and vertical lines forming the grid. A dark, irregular mark is visible near the top left corner, possibly from a staple or hole punch. The paper appears slightly aged or off-white.

It is of the greatest importance to have a complete history of the well. Please state in detail the dates of redrilling, together with the reasons for the work and its results. If there were any changes made in the casing, state fully, and if any casing was "sidetracked" or left in the well, give its size and location. If the well has been dynamited, give date, size, position, and number of shots. If plugs or bridges were put in to test for water, state kind of material used, position, and results of pumping or bailing.
