Return to Production KX	
Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting a	e of starting any prope
work) SEE RULE 1 (03.	
It is planned to clean out and return this well to production. If required the	
production will be stimulated by acidizing and fracing. Prior to stimulation	uired the wel
will be pressure tested and repaired if necessary.	uired the wel
