RE: CBU #54 E-5-25N-12W Conversion to Water Injection

Dear Mr. Kuchera:

As of July 1, 1981 the OCD has a new form (C-108 for water injection wells. The forms are included with this letter. Please fill these out and send the requested information that has not already been submitted. The Division office in Santa Fe makes the final decisions on any underground injection wells. A copy of the new 700 rules for these wells is also included.

If you have any further questions please contact this office.

Yours truly,
