

note: This form is designed for submitting a complete and correct well completion report and log on all types of lands and leases to either a Federal agency or a State agency, both, pursuant to applicable Federal and/or State laws and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal or State office. See instructions on Items 22 and 24, and 33, below regarding separate reports for separate completions.

10. Attached, which attention is used as reference (where not otherwise shown) for depth measurements given in other spaces on this form and in any attachments.

ns 22: Indicate which elevations were used as reference (where not otherwise shown) for each production zone. Specify the location of the elevations used as reference.

ns 23: Indicate the production zone (or zones) for each production zone. Specify the location of the elevations used as reference.

ns 24: If this well is completed for separate production from more than one interval zone (multiple completion), so state in item 22, and in item 24 show the producing interval, or intervals, top(s), bottom(s) and name(s) (if any) for only the interval reported in item 33. Submit a separate report (page) on this form, adequately identified, for each additional interval to be separately produced, showing the additional data pertinent to such interval.

ns 25: "Sacks Cement": Attached supplemental records for this well should show the details of any multiple stage cementing and the location of the cementing tool.

ns 33: Submit a separate completion report on this form for each interval to be separately produced. (See instruction for items 22 and 24 above.)

n 22: "Sacks Cement": Attached supplemental records for this well should show the details or any multiple stage cementing and the location of the cementing tool.

n 33: Submit a separate completion report on this form for each interval to be separately produced. (See instruction for items 22 and 24 above.)

DEPTH INTERVAL TESTED, CUSHION USED, TIME TOOL OPEN, FLOWING AND SHUT-IN PRESSURES, AND RECOVERIES
