17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Plugged and Abandoned in 1978.

Re: N00-C-14-20-5195 (WC)
3162.3-4 (016)

As requested by the BLM by letter dated 5-19-87 (copy attached), the lease number has been permanently added to the dry hole marker on the No. 4 Navajo K-19 well.

The BLM also requested that Union Oil Company remove the dogleg and post on this wellsite; however, the dogleg and post belong to the gas gathering company, and Union has no authority to remove them.

Gentlemen:

An inspection conducted on May 5, 1987, by members of my staff showed that the following work needs to be done to your No. 4 Navajo K-19 well located 1500' FSL and 1500' FWL, sec. 19, T. 25 N., R. 10 W., lease No. N00-C-14-20-5195 before it can be approved for final abandonment:

1. Permanently add the lease number to the dry hole marker.
2. Remove the dogleg and post.

Please correct these problems within 30 days.

The Bureau of Land Management is not the Surface Managing Agency (SMA), and therefore additional requirements may be required by the SMA prior to approval for final abandonment.

If you have any questions, contact any member of the Fluids Surface Management Staff at (505) 325-4572.

Sincerely,

for John S. Fellows
Ron Fellows
Area Manager
