13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Merrion Oil & Gas proposes to nominate the subject lease for purchase in the upcoming lease sale scheduled for October, 2000. Merrion was previously the operator of the well, but the lease was terminated due to lack of production in the Gallup interval. We propose to plug the well back as approved in the sundry notice dated 3/10/99, however, we propose to pump plugs #1 and #2 only. We propose to recompleat the well to a shallow zone if we are successful in the lease sale. If we are not successful in the lease sale, we would perform the remaining plugging work as approved in the sundry mentioned above. The plugging work for the first two plugs will be completed by August 4, 2000.
