JREC is requesting approval to put this well back into production by this summer. We were intending to put it back on in late 1999 but never made it out to New Mexico. We are trying to finish Louisiana Wells so I can bring my rig to New Mexico. We have 38 more wells to do in LA. then we will come and put those wells back into production. I bought too many wells in '97, '98 + '99 for the amount of time we were allowed to put them back into production but we are doing the best we can do.
