Dear Sirs:

In reply to your letter of July 6, if possible we should like to allocate the portion of the NW SW which is approximately 24.3 acres and the W/2 of NW which is approximately 80 acres giving a total of 104.3 acres for the well. We can hardly allocate the acreage as you suggest in as much as we do not earn the other partial 40 acres to the east of the drill site. It will be retained by Pan American. If this proposal does not meet with your approval please advise.

Yours truly,

*R. L. Bayless*
