17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

In order to increase production it is planned to workover and restimulate this well in the following manner:

Pull tubing and clean out to 2176'.

Run a full string of 2 7/8" casing and cement with approximately 50 sacks of cement.

Selectively perforate and sand water fracture the Pictured Cliffs formation.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
