Att: Mr. W. C. Dougherty, District Superintendent

Re: Application for Dual Completion
Magnolia #4, Jicarilla "GN", SW $\frac{1}{4}$
Section 26-27N-3W, Rio Arriba Co.

Gentlemen:

This letter will serve as your tentative approval for the dual completion of the above well as a gas-gas dual in the Pictured Cliffs and Mesaverde zones.

It is understood the well will be equipped as set out in your application. Upon final completion, application for administrative approval should be made to Mr. A. L. Porter, Santa Fe, N.M.

Yours very truly

Emery C. Arnold
Supervisor, District #3

Re: Jicarilla "G" #4
Section 26, T-27N, R-3W
Undesignated Field
Rio Arriba County, New Mexico

Gentlemen:

We propose to drill the subject well to a projected depth of 6500'. It is further proposed to dually complete this well in the Pictured Cliffs and Mesa Verde zones.

We further propose to set a 10-3/4" surface casing, 7-5/8" intermediate string at approximately 4200', and set a 5-1/2" liner on bottom. We will perforate in the Pictured Cliffs and Mesa Verde zones and attempt a dual gas completion. We further propose to set a production packer at approximately 5300', separating the two zones. We further propose to run a dual string of tubing as follows: Pictured Cliffs tubing to be set at approximately 3500'; Mesa Verde tubing to be set at 5410'. No side-door chokes will be used.

Subject well is located 990' FSL and 990' FWL of Section 26, T-27N, R-3W, Rio Arriba County, New Mexico.

Yours very truly,

W. C. Dougherty
District Superintendent
of Production
