Unacceptable Allocation Factors
San Juan County, NM

Dear Ms. Cole:

We have received your allocation factors and your Application for Downhole Commingling of the Mesaverde and Chacra formations in the above listed well. After review, we disagree with your submitted gas allocation factors as only 8% for the Mesaverde is way below the historical decline of the well.

Unacceptable Allocation Factors for Harrington #6

Well Name	Location	API#	Mesaverde Allocation	Chacra Allocation	Effective Date
Harrington #6	K sec 31, T27N, R7	30039-23871	8% gas 100% oil	92% gas 0% oil	CH/MV 8-11-98

It is required that you review and resubmit revised allocation factors. If you have any questions, please contact Joe Hewitt at (505) 599-6365.
