Gentlemen:

Attached in duplicate (to each office) is a well location plat (C-102) with an ownership plat for the above referenced well.

Due to cliffs on East & North and pipeline on the South running West, this location does not meet state spacing requirements. This is the only geologic site acceptable.

Pursuant to the authority of Rule 104-F, we respectfully request your approval of an exemption to the standard well location requirements.

Very truly yours,

TENNECO OIL COMPANY
