13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Union Oil Company of California requests approval to extend the shut-in status of the subject well for one year.

This well has historically been unable to produce against line pressure. However, Unocal has recently completed a gas gathering facility within this area that will provide for central compression. Once this system is operational, Unocal will attempt to produce this well under compression.
