Dear Ernie,

I have enclosed for your review, the results of a recent gas-oil ratio test for the subject well. This C-116 is being provided to you following a special request by your office. Since I had previous conversations with Alice Dugger, you might wish to make her aware of our compliance.

Thank you very much for your assistance. As you are aware, I will be sending you additional data very soon.

Sincerely,

AMERICAN HUNTER EXPLORATION LTD.
