Attn: Mr. Frank Elliott,  
Vice President

Dear Sir:

We have received your letter of February 7, 1961  
notifying us of a change in ownership of the C.A. &  
W. El Elliott well located in the NW4 NE4 Section  
30-26N-13W.

You have requested that an allowable be assigned this  
well in order that it may be tested. At the present time  
a no-flare order is in effect in the Bisti Lower Gallup  
Pool and all wells in this pool must either have gas  
connections or an administrative order excepting the  
well from the requirements of the no-flare order.  
It will be necessary that you make written application  
to Mr. A. L. Porter, Jr., Oil Conservation Commission,  
Santa Fe, asking that an order of exception be written.  
In your application give all pertinent details as to  
distance from a gathering system and the amount of gas  
being vented. A statement from the El Paso Natural Gas  
Company, who are the purchaser in the area, to the  
effect that gathering your gas would be uneconomical would  
also be helpful.

Upon receipt of a no-flare exception we will assign  
your well an allowable. If you have any questions  
regarding the above, please contact us.

Yours very truly

ECA:ks
