CASINO RECORD

[illegible]

It is of the greatest importance to have a complete history of the well. Please state in detail the dates of redrilling, together with the reasons for the work and its results. If there were any changes made in the casing, state fully, and if any casing was "blacked out" or left in the well, give the date and location. If the well has been dynamited, give the size, location, and number of holes. If there are any bridges or pillars were put in, state the date and location for each, state the material used, position, and results of pumping or balling.
