

PACKER SETTING AFFIDAVIT

I, John Hay, being of lawful age and having full know-
Name of Party Making Affidavit

ledge of the facts hereinbelow set out do state:

That I am employed by Tennessee Gas Transmission Company, in the
capacity of Production Foreman, that on September 1,, 1958,
I personally supervised the setting of a Baker Model B
Make and Type of Packer
in Tennessee Gas Transmission Co., W. H. C. Berger
Operator of Well Lease Name
Well No. 2, located in the Undesignated
Field

T29' F.W. T29' F.W. Section 23, T25N, R11E, San Juan
County, New Mexico, at a subsurface depth of 6148 feet,
said depth measurement having been furnished me by Self
that the purpose of setting this packer was to effect a seal in the annular space
between the two strings of pipe where the packer was set so as to prevent the
commingling, in the bore of this well, of fluids produced from a stratum below
the packer with fluids produced from a stratum above the packer; that this packer
was properly set and that it did, when set, effectively and absolutely seal off
the annular space between the two strings of pipe where it was set in such a
manner as that it prevented any movement of fluids across the packer.

STATE OF New Mexico :
COUNTY OF San Juan :

Before me, the undersigned authority, on this day personally appeared
John Hay, known to me to be the person whose name is
subscribed to this instrument, who after being by me duly sworn on oath,
states that he has knowledge of all the facts stated above and that the name
is a true and correct statement of the facts therein recited.

Subscribed and sworn to before me on this the 15th day of Dec, 1958

W. B. Dittmore
Notary Public in and for New Mex
County, San Juan
