Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

In order to increase production it is intended to workover and re-stimulate this well in the following manner:

Clean out with mud to total depth of 2063'.

Run a full string of 2 7/8" production casing and cement with 100 sacks cement.

Selectively perforate and sandwater fracture the Pictured Cliffs formation.

18. I hereby certify that the foregoing is true and correct
