Dear Sir:

We are in receipt of your letter of February 4, 1957 with which you returned a copy of U.S.G.S. Form 9-330, Log of Oil or Gas Well on our Scott C-1 Well in the SW/4 Section 7-26N-13W.

You returned the report for the reason that Geological Completion Report, Sample Description and Electric Logs were not attached, as stated in the body of the formation record. We are submitting herewith our file copies of the Completion Report, Sample Report, Electrical Logs, Induction Log and Microlog. You will also be receiving these forms with a copy of Form 9-330 approved by the U.S.G.S., in a short time.

We shall endeavor to include the supporting records with all future reports submitted directly to you.

Very truly yours,

Thomas M. Hogan
