Re: Beta Development Co. #1 Tibbar
Federal, E-13-26N-9W

Dear George:

The annual deliverability test report for the captioned well is returned herewith for correction.

The mechanical completion data does not agree with our records or those of El Paso Natural Gas Company. The values shown in red are from El Paso's Exception Report; those shown with blue checks are the values we have in our records. Please cause those in error to be corrected.

Please return the original of the attached with the corrected copies. This is the first test after connection.

Yours very truly

Re: New Development Co., El Estero
Pecos, New Mexico

Dear Sir:

The annual inventory report for the captioned well is
returning herewith for correction.

The mechanical completion data does not agree with the record of
those of El Paso Natural Gas Company. The data was taken in 1965
from the Annual Inventory Report; those shown with the check in
the report were in our records. Please correct them in order to
be correct.

Please return the original of the attached with the corrected copies.
This is the first of our correction.

Very truly
Yours

J. W. Brubaker
