Subject: Application for Non Standard Location for O.H. Randel #8  
(Formerly O.H. Randel #3-E)

Gentlemen:

Energy Reserves Group, Inc., initially drilled O.H. Randel #8, 1,550' FNL, 1,520' FWL, Sec. 9-T26N-R11W, as a Dakota Gas Well. The Dakota proved to be nonproductive. The Gallup zone was then opened and the well is now an oil producer.

We hereby request approval of a Non Standard Location for the above mentioned well as an oil producer.

Very truly yours,  
ENERGY RESERVES GROUP, INC.

Ron E. Schanaman  
Production Engineer
