October 16, 1962

El Paso Natural Gas Company
Box 990
Farmington, New Mexico

Attn: Mr. H. L. Kendrick

Dear Mr. Kendrick:

We have received your letter of September 25, 1962 requesting that your Indian "O" #1 Well, located in the NE $\frac{1}{4}$ Section 32-28N-1W, Rio Arriba County, be classified exempt marginal and have testing requirements quashed.

As we have no legal department in this district I am not sure we are qualified to "quash" anything. However, as this is a non-prorated well it has no classification under any proration order.

We are hereby exempting the well from deliverability test requirements.

Yours very truly

Emery C. Arnold
Supervisor, District #3

AZTEC, NEW MEXICO

October 16, 1964

Mr. Fred Watson, Oil Engineer
Box 220
Farmington, New Mexico

Dear Mr. Watson:

Dear Mr. Watson:

We have received your letter of September 22, 1964, requesting that your well, No. 1, located in the NW 1/4 Section 36-30N-24E, Rio Arriba County, be classified exempt mining and have testing requirements waived.

As we have no field department in this district and are not sure we are qualified to conduct any testing. However, as there is a good possibility that it may be classified as an oil and gas production area, we are hereby exempting the well from all mining laws and regulations.

Sincerely,
John W. Smith

Timothy G. Arnold

ADDRESS REPLY TO
POST OFFICE BOX 990
FARMINGTON, NEW MEXICO
September 25, 1962

Mr. E. C. Arnold
New Mexico Oil Conservation Commission
1000 Rio Brazos Road
Aztec, New Mexico

Dear Mr. Arnold:

El Paso Natural Gas Company is the operator of the Indian O-1 well, located NE Sec. 32-28-3, Rio Arriba County, New Mexico, completed as an undesignated Pictured Cliff. This well has produced only a very few days since being first delivered. It is very doubtful that a satisfactory deliverability test can be conducted on this well and we therefore, request that this well be classified as exempt marginal thus quashing the test requirements of Order R-333-C, D and E.

Very truly yours,

EL PASO NATURAL GAS COMPANY

H. L. Kendrick
H. L. Kendrick
Sr. Gas Engineer

Re Mr. Kendrick:
We have received your letter of Sept 25, 1962
requesting that your Indian O-1 well, located in
NE Sec 32-28-3 Rio Arriba Co be classified
as exempt marginal & have testing
requirements quashed. *Geo*
Over

As we have no Legal Department in this
I am not sure we are qualified to "quash"
anything - However as this is a non-permitted
well its classification ~~is not an issue~~ it has
no classification under any protection order.

We are hereby exempting the well from
deliverability test requirements
