It is of the greatest importance to state in detail the dates of redrilling, together with the reasons for the work and its results. If there were any changes made in the casing, state fully, and if any casing was checked, or left in the well, give size and location. If the well has been drilled, give date, size, position, and number of casing. If there are bridges or bridges were built to test for water, state them in detail, position, and results of pumping or pulling.
