ADDRESS REPLY TO
POST OFFICE BOX 997
FARMINGTON, NEW MEXICO

Mr. A. L. Porter, Secretary and Director
New Mexico Oil Conservation Commission
Box 871
Santa Fe, New Mexico

Dear Mr. Porter:

This is a request for administrative approval for an unorthodox gas well location in the Blanco Mesa Verde Pool and Wildcat Dakota.

It is intended to locate the well, El Paso Natural Gas Company San Juan 28-4 Unit No. 20-30 (MD), 567 feet from the South line, and 660 feet from the West line of Section 30, Township 28 North, Range 4 West, N.M.P.M., Rio Arriba County, New Mexico.

The South half of Section 30 is dedicated to the well. As shown on the enclosed plat, most of the Southwest quarter of Section 30, where the well is to be located, consists of rocky ledges. The only accessible land for a well is in the southwest of the dedicated acreage, thus making the location unorthodox in order that the extremely high cost of constructing an orthodox location be avoided.

Since El Paso Natural Gas Company has control of the offset leases, approval for an unorthodox location has not been sought from other operators.

I am enclosing two copies of the certified well location plat and two copies of the intention to drill.

Yours very truly,
