It is of the greatest importance to have a complete history of the well. Please state in detail the dates of redrilling, together with the reasons therefor, work and its results. If there were any changes made in the casing, state fully, and if any casing was sidetracked, or put in the well, give date, size, position, and number. If plugs or bridges were put in to test for water, state kind of material used, position, and results of pumping or bailing.
