Re: S.J. 28-7 U. #75 (PM) Commingled

Dear Sir:

The referenced well was commingled on January 17, 1977 as authorized by N.M.O.C.C. Order #R-5324. As required in Order #R-5324 this letter is notification that the referenced well was shut-in in excess of seven consecutive days on February 3, 1977. The well is logged off with oil and unable to produce to the line on tubing flow. We are preparing to move a compressor on the well to unload, clean up and evaluate the well for installation of sucker rod pumping equipment.

D. S. Dreesen
Production Engineer
