Application

Dear Mr. Porter:

This is a request for administrative approval for an unorthodox gas well location in the Basin Dakota pool..

It is intended to locate the El Paso Natural Gas Company San Juan 28-4 Unit #37 1335' from the North line and 870' from the East line of Section 29 T-28-N, R-4-W, NMPM, Rio Arriba County, New Mexico. The East half of Section 29 is dedicated to this well.

The Northeast quarter of Section 29 is crossed by Munoz Canyon. The sides of this canyon are very steep, making an orthodox location extremely expensive to build.

All of the offsetting proration units are included in the San Juan 28-4 Unit of which El Paso Natural Gas Company is the operator.

Flats showing the proposed well location with terrain features and ownership of offset leases are attached.

Yours truly,

L. O. Van Ryan
Senior Petroleum Engineer
