Dear Mr. Gray:

Reference is made to your Application for Permit to Drill (APD) Well No. 414 San Juan 28-7 Unit, 910' FSL & 820' FWL (SW $\frac{1}{4}$ SW $\frac{1}{4}$ ), sec. 14, T. 28 N., R. 07 W., Rio Arriba County, New Mexico, Federal lease NMSF-079289-A. Due to no report of drilling operations commencing prior to expiration, the subject APD has expired as of January 23, 1993, and is returned. Please note that it is the policy of this office to grant extensions of APD's up to a total of one year from the original expiration date. Any expired APD may be resubmitted at any time when definite drilling plans are formulated.

You are required to request surface rehabilitation instructions from this office if any construction activities have occurred on the referenced drill site. If this office does not receive comment within 30 days, it will be presumed that no construction occurred. Later discovery that construction activities have occurred, may result in assessment of liquidated damages.

Sincerely,

Ken Townsend
