*Gentlemen:*

*Notice of Intention to Drill was filed on the above well on December 26, 1961. An electric log was subsequently filed indicating that the well was drilled; however no further information has been received.*

*The well has evidently been in a temporarily abandoned status since that date. We presume that no further attempt will be made by the operator to complete the well as a producing well and therefore are directing that it be plugged in accordance with New Mexico Oil Conservation Commission rules and regulations. Form C-102 should be filed showing the plugging program, along with Form C-105, Well Record Form, indicating formations penetrated. In the event some action is not taken within the next 30 days it is our intention to set the matter for hearing in order that the operator and the bonding company may show cause why the well should not be plugged and abandoned.*

*Yours very truly*
