Attention: Mr. T. M. Hogan

Re: Administrative Order TX-3

Gentlemen:

Douthit "C" #1

Reference is made to your letter of December 29, 1960, wherein you request authority to complete your Government Douthit Well No. 6, located in the SW/4 SW/4 of Section 34, Township 27 North, Range 11 West, NMPM, San Juan County, New Mexico, with 4 1/2-inch OD non-upset casing and produce the Dakota hydrocarbons through said casing string as a tubingless completion.

Inasmuch as you expect that the Dakota will produce with a gas-liquid ratio in the neighborhood of 100,000 to one, there should be no production problem or waste encountered by your proposed completion.

British-American is, therefore, hereby authorized to complete and produce the subject well in accordance with the procedure outlined in your letter of December 29, 1960.

The Commission does reserve the right, however, to review this matter at any time that it appears waste may be resulting from the proposed method of production.

Very truly yours,

A. L. PORTER, Jr.,
Secretary-Director

ALP/DSW/og
cc: Mr. Joe Ramey
