DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudlogging jobs, cementing points, and all other important proposed work)

This well was originally drilled by J. Glenn Turner as the Esmerfanito Unit 27-34 and El Paso Natural Gas has purchased this well. The well is within the limits of the Esmerfanito Unit; therefore, J. Glenn Turner will remain the operator.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
