*Gentlemen:*

*As you know this well was originally a producing oil well in the  
Angels Peak Gallup Oil Pool. It was subsequently decided to  
plug and abandon the well and the plugging plan was approved by  
the U.S.G.S. in Farmington. However we have never received copies  
of Federal miscellaneous report forms indicating how the well  
was plugged. Will you please file 5 copies of this plugging  
report with the U.S.G.S. in Farmington so that they may forward  
our copies and we may close our file on this well.*

*Yours very truly*
