ing points, and all other important proposed work)
is well was spudded on Jammary 7, 1956 and surface casing set at 100' with ohe cament on Jammary 8, 1956. J. Glenn Thomas was operator of this well at time. The well was subsequently temperarily abandoned, with no further sk having been done on the well. El Pero Hatural Cas Company has since as med operation of the Harrisnito Unit from J. Glenn Turner, therefore, the the well should be changed to El Pero Hatural Cas Company Surfanito Unit . 37-28. Status of the well remains unchanged.
I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commended. Page Matural Gas Conversy Ompany
