Dear Mr. Copeland:

Subject well is within one mile of the Blanco-Mesaverde Pool;  
therefore, the Mesaverde section must be covered with cement  
when the production casing is run.

The well is within the South Blanco-Pictured Cliffs Pool;  
therefore the Pictured Cliffs formation must be covered with  
cement.

If we can be of further service, please contact us.

Yours very truly

A. R. Kendrick  
Engineer, District #3
