Mr. Al Kendrick
New Mexico State Oil & Gas Commission
Aztec, New Mexico

Dear Sir:

We have just received, returned from The Frontier Refining Company in Denver, our invoice to them for work done on a packer leakage test performed by us from July 13, 1959 through July 21, 1959 on their Evenson Government No. 2-G well in Angels Peak field, New Mexico.

The writer of the letter accompanying our returned invoice stated that this test was not satisfactory to the Commission and it was necessary to re-run the test.

We certainly do not wish to burden you with details of our collection of invoices, but we hope you may be able to enlighten us as to the reason the tests on the above dates were not acceptable to the Commission.

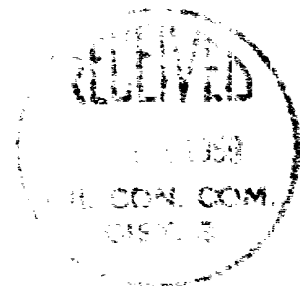

Please feel free to call either Ed Davis or me at 3-5741 in Casper, collect, should you need to clarify any point in the discussion and we shall look forward to hearing from you at your convenience.

Yours very truly,

CHEMICAL & GEOLOGICAL LABORATORIES

Dear Mr. Gutz:

Subject test was approved in this office August 10, 1959 as reported
by Jack Ballack of your firm. Test dates July 13 through July 21, 1959.

If we can be of assistance, please contact us.

Yours very truly
