Attention: Mr. Al Kendrick

Gentlemen:

We enclose form C-104, "Request for Gas Allowable", and form C-110, "Authorization to Transport Oil", for our Government Evensen #2-GD located in Section 19, Township 27 North, Range 12 West, San Juan County, New Mexico.

This well was originally completed in July, 1959, as a dual producer from the Gallup and Dakota zones. The Gallup, however, was unable to recover load oil and has been abandoned. The well is now a single completion in the Dakota section. A copy of USGS form 9-331a, "Supplementary Well History", to detail the workover and plugging of the Gallup section should reach you in the very near future.

Yours truly,

David B. Morrison
Petroleum Engineer
