Dear Mr. Inskip:

As you know, our files do not have to be on file only, in case of intention to drill on the West Campbell #1 lateral well in the NE Section 23-27N-12E.

In order to approve this well for production we will have to have on file the following forms:

Two copies of Federal Record Form No. 100, Notice on casing for well

Two copies of Federal Well Record Form;

New Mexico Oil Commission Forms J-104, Request for Allocation and J-110, Authorization to Transport in quadruplicate.

If we can be of any further service, please contact us.

Yours very truly,

Henry J. Arnold
Supervisor, District 23
