Wichita Falls, Texas

Att: Mr. William D. Gross

Dear Sir:

We are enclosing a supply of Form C-104, "Request for Allowable".

On September 25 we received from you Form C-110 covering the Denman Oil & Drilling Corp. #1 Denman, NW/4 Sec. 20-27N-9W. On checking our files we find that we have never approved a Form C-104. It is necessary that Form C-104 be approved before we can approve a Form C-110.

Will you please submit a form C-104 on this well. Also locate the well to a 40-acre location and in the space labeled "Unit" give the correct letter as shown on the attached diagram.

Yours very truly,

Emery C. Arnold
Oil & Gas Inspector
