Re: Redesignation
Belco Pet. Corp.
Skelly State #1
P-16-27N-9W

Gentlemen:

We have been notified by the State Land Office that the acreage dedicated to the above well, which is the east half of section 16, involves a State Communitization.

We have agreed that all such wells should have the word "Com", for "Communitization", in the well name.

For your convenience we are preparing 5 copies of form C-104 making this change and sending them for your signature.

We will appreciate it if you will also make the change in other forms filed, such as the Operators Monthly Report, Form C-115, in the future.

Thank you.

Yours very truly,

Emery C. Arnold
Supervisor, District #3
