Re: Southwest Production Company
No. 1 Collier Federal
18-27N-12W
San Juan County, New Mexico

Gentlemen:

Per your letter of April 13, 1965, we re-submit Form C-103, supplemental report of plug and abandonment, pertaining to the above captioned well.

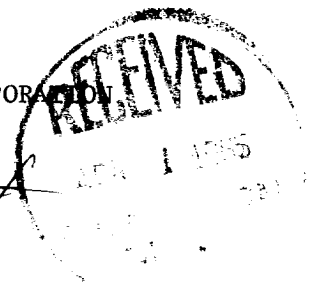

We also enclose copies of Form C-103, submitted to your office notifying of squeezing of perforations 5814-5914, from which the well previously produced, and the squeezing of perforation 6001-21 from which recompletion was attempted and which tested salt water, and a copy of the plugging procedure which was approved by the U. S. G. S.

You will note that we have not indicated that the pits were filled and the location leveled as this is the responsibility of Southwest Production Company. We are sure that if this has not already been performed, it will be done in the very near future.

Very truly yours,

GREAT NATIONAL CORPORATION

J. B. Avant
