Dear Mr. Borland:

The classification of the referenced well was changed from XM to N for the 1974 test period.

A deliverability test was not reported during the 1973 test period; therefore, a test should be conducted and reported prior to May 1, 1974.

Allowables beginning April 1, 1974, will be based on the results of this test.

If there are questions, please contact us.

Yours very truly,

*A. R. Kendrick*
