(State or Territory)

The elevation of the derrick floor above sea level is 6152 ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

This well was originally drilled by Alfred E. McLane & Ted M. White as the Knauff #1. El Paso Natural Gas has purchased this well with name changed to the El Paso Natural Gas Knauff #1. El Paso Natural Gas will be the operator.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Company El Paso Natural Gas Company

Address Box 321

Farmington, New Mexico
