Attention: Mr. George W. Selinger

Administrative Order NSL-59

Gentlemen:

Reference is made to your application for approval of an unorthodox well location for your Charlie-Pah Well No. 4 to be located 1750 feet from the South line and 1400 feet from the East line and in the NW/4 SE/4 of Section 12, Township 27 North, Range 9 West, South Blanco-Pictured Cliffs Pool, San Juan County, New Mexico.

It is our understanding that this unorthodox well location is based upon extreme topographic conditions in the Se/4 of said section.

Inasmuch as you are the only offset operator, it is possible for immediate approval to be granted. Therefore, by authority granted me under provisions of Rule 4 of the Special Rules and Regulations of the South Blanco-Pictured Cliffs Pool, as set forth in Order R-565-C, you are hereby granted an exception to Rule 3 of Order R-565-C for the above described unorthodox well location. You must also obtain like approval from the U. S. Geological Survey.

Very truly yours,

A. L. Porter, Jr.
