17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

On April 2, 1969, moved rig on location intending to plug and abandon Pictured Cliffs and leave well as a water well supplying domestic water for EPNG Angel Peak Compressor Station. Found tubing stuck with evidence of shallow holes. Could not plug Pictured Cliffs without danger of losing water production. Suspended operations pending development of alternate source of domestic water for Angel Peak Station.

Well was temporarily abandoned on April 4, 1969.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
