RE: Hancock No. 1
Lease #SF-079116
Sec. 12 T27N-R12W
San Juan County, NM
API #30-045-87262

Gentlemen:

DEKALB Energy Company has been unable to produce the above mentioned Hancock #1 well due to the existing high line pressure.

Since this well is considered an economically productive property, DEKALB wishes to make another attempt to gather the gas into its own system. We are currently working on obtaining the necessary rights of way. Accordingly, we are providing you with a Sundry Notice (in triplicate) requesting permission to shut-in the well until the new gathering arrangements can be completed.

Sincerely,

R. L. Flowers, Jr.
District Operations Manager
