

POST OFFICE BOX 728
FARMINGTON, NEW MEXICO

February 15, 1956

Mr. A. R. Kendrick
Engineer, District #3
New Mexico Oil Conservation Commission
P. O. Box 697
Aztec, New Mexico.

Dear Mr. Kendrick:

Re: No. 1-11 Hughes--Section 11-27N-9W.

Upon my return to Farmington from a business trip to Dallas I found copy of your letter dated February 14th addressed to Mr. J. Glenn Turner concerning the above noted well.

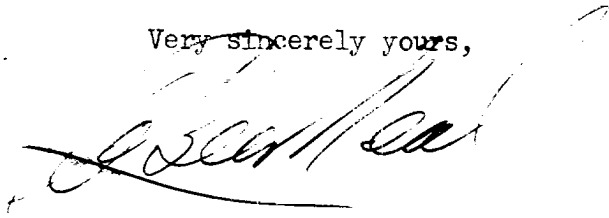

This well, which is on Federal land -- Santa Fe Lease No. 079937, was sand oil treated on July 26, 1955 and the usual reports made to the United States Geological Survey.

This was shortly after Mr. J. Glenn Turner became operator of the well; and it did not occur to me that I should also file a Form C-104 with your office.

In line with the suggestion in your letter of February 14th, I am enclosing a Form C-104 in quadruplicate which I have dated August 27, 1955, that being the date of the Form C-122-b which was filed with your office upon the occasion of the re-test after the sand oil treatment.

If there is anything else which you need, please let me know and we will endeavor to furnish it promptly.

Very sincerely yours,

C. Beeson Neal
For J. Glenn Turner
