ADDRESS REPLY TO  
POST OFFICE BOX 1565  
FARMINGTON, NEW MEXICO

Dear Mr. Wright:

The El Paso Natural Gas Products Company is making application to the New Mexico Oil Conservation Commission for an administrative approval of a dual completion. The well, our Frontier No. 2-C (GD) is located 1750 feet from the South Line and 890 feet from the East Line of Section 5, Township 27N, Range 11W, NMPM, San Juan County, New Mexico. The well is located within one mile of a similarly dually completed well.

By the Order R-1214, concerning dual completions, we must have approval of the offset lease owners of the dual completion. According to our records you own the lease in the S/2 of Section 32, Township 27N, Range 11W, which offsets our Frontier No. 2-C (GD) well.

Enclosed you will find a plat showing the relationship of your lease to our dually completed well together with New Mexico Oil Conservation Commission Application for Dual Completion.

All tests required by the New Mexico Oil Conservation Commission on dually completed wells have been completed and the well is found in satisfactory condition for dual completion.

Would you please indicate your approval by signing two copies of this letter, the third copy is for your files, and return to the undersigned as soon as possible.

Thank you very much for your cooperation in this matter.

Very truly yours,

*John J. Strojek*

Dear Mr. Hughes:

The El Paso Natural Gas Products Company is making application to the New Mexico Oil Conservation Commission for an administrative approval of a dual completion. The well, our Frontier No. 2-C (GD) is located 1750 feet from the South Line and 890 feet from the East Line of Section 5, Township 27N, Range 11W, NMPM, San Juan County, New Mexico. The well is located within one mile of a similarly dually completed well.

By the Order R-1214, concerning dual completions, we must have approval of the offset lease owners of the dual completion. According to our records you own the lease in the SW/4 of Section 5, Township 27N, Range 11W, which offsets our Frontier No. 2-C (GD) well.

Enclosed you will find a plat showing the relationship of your lease to our dually completed well, together with New Mexico Oil Conservation Commission Application for Dual Completion.

All tests required by the New Mexico Oil Conservation Commission on dually completed wells have been completed and the well is found in satisfactory condition for dual completion.

Would you please indicate your approval by signing two copies of this letter, the third copy is for your files, and return to the undersigned as soon as possible.

Thank you very much for your cooperation in this matter.
