Re: Table Mesa lease overproduction

Gentlemen:

As per our telephone conversation September 19, 1979, this is to notify you that the John F. Staver, Table Mesa #5 in F-3-27N-17W has reached a point in making up its overproduced status such that the well may produce and sell 262 barrels of oil this month and that the well may subsequently produce its full allowable until further notice.

Yours truly,

A handwritten signature in cursive script that reads "Frank T. Chavez".

Frank T. Chavez  
Deputy Inspector
