Dear Mr. Utz:

RE: Your letter
of May 24, 1966

You stated in your letter of May 24, 1966, that you would reclassify King Oil, Kutz #5 retroactive back to August 1, 1965. To my knowledge this has not been done. I would like for this to be done at your earliest convenience. You will notice in the past 120 days that this well has produced several MMCF. I am not producing this well at this time, but would like to know it's status.

Under RULE 16A of ORDER R-1670, I request that no wells operated by King Oil, Inc. be reclassified due to under production. As I mentioned in my letter to you as of April 25, 1966, by the use of compressors I can get the under production.

Your attention to this matter, will be greatly appreciated.

Sincerely,

N. A. Neely
